

Nishant Singh

Full Stack MERN Developer | AI Integration Enthusiast

📍 Kanpur, Uttar Pradesh | 📞 +91-9555535045 | ✉️ nishantsingh8195@gmail.com | [in](#) LinkedIn | [GitHub](#)

SUMMARY

Innovative and performance-driven Computer Science undergraduate with expertise in full-stack MERN development, AI integration, and modern web technologies. Experienced in building secure, scalable, and real-time applications with a strong focus on performance optimization and user experience. Microsoft Azure Fundamentals certified with knowledge of cloud services, API development, and deployment workflows. Strong foundation in programming, software development lifecycle, and core computer science concepts, combined with excellent communication and teamwork skills.

EDUCATION

ITM University, Gwalior MP

Sep 2022-June 2026

Bachelor of Technology in Computer Science Engineering

CGPA: 8.2

PROJECTS

Jharkhand Tourism Platform:

[GitHub](#) | [Demo](#)

Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, AI Integration, REST APIs.

Built an AI-enabled tourism solution to promote tourism in Jharkhand by enabling users to explore destinations, book trips, purchase local crafts, and interact with an AI-powered assistant. Architected a dynamic admin dashboard for tourism administrators to manage destinations, bookings, products, and user interactions efficiently. Implemented scalable frontend and backend architecture using React.js, Node.js, Express.js, MongoDB, and REST APIs.

Gymee: Gym Management System

[GitHub](#) | [Demo](#)

Tech Stack: React.js, Node.js, Express.js, MongoDB, Tailwind CSS, AI Integration, JWT Authentication.

Engineered a MERN-based Gym Management System with JWT authentication, member management, and scheduled email notifications. Integrated the Google Gemini AI chatbot for instant user support, improving user query resolution speed and enhancing customer engagement. Crafted a responsive modern UI using React.js, Tailwind CSS, and Framer Motion for better accessibility and user experience.

Foodie: MERN Food Delivery System

[GitHub](#) | [Demo](#)

Tech Stack: React.js, Node.js, Express.js, MongoDB, REST APIs, Socket.IO, Tailwind CSS, JWT Authentication.

Built a full-stack food delivery platform with live order tracking and live delivery agent location updates using Socket.IO. Created role-based dashboards for Users, Delivery Partners, and Restaurant Owners to improve operational efficiency and order management. Connected secure backend APIs using Node.js, Express.js, and MongoDB for reliable performance.

SKILLS

Programming Languages: Java, JavaScript

Frontend Technologies: HTML, CSS, JavaScript, TypeScript, Bootstrap, Tailwind CSS, React.js, Material UI

Backend Technologies: Node.js, Express.js, RESTful API Development, JWT (JSON Web Token) Authentication, Socket.IO

Database: MongoDB, MySQL

Cloud Platforms: AWS (ECS, EC2, S3), Vercel, Netlify, Render

Fundamentals: Object Oriented Programming, DBMS, Operating System, Computer Networks, Data Structures and Algorithms

Tools & Platforms: Git & GitHub, Docker, Postman, VS Code

EXPERIENCE

Web Development Intern — InternPe

Sep-2024 | [Certificate](#)

Developed and maintained responsive web pages using HTML, CSS, JavaScript, and React.js, improving cross-device compatibility and user experience. Collaborated with backend developers to integrate RESTful APIs and enhance dynamic data-driven features, streamlining workflow efficiency by 30%. Boosted website performance and upgraded UI/UX, reducing page load time by 35% and increasing user engagement.

CERTIFICATE & ACHIEVEMENT

- NPTEL Online Certification of Compiler Design - 2025 | [Certificate](#)
- AZ-900: Microsoft Azure Fundamentals Certified - 2023 | [Certificate](#)
- Microsoft AI Skills Challenge – Microsoft - 2024 | [Certificate](#)
